	Product Code :	RAD56
	Product Name	Pedagogical Radar 8-8 Amber
	Created on : 22/01/2024	By: Zakaria Khier
Technical datasheet	Comment:	

Overall Dimensions:

Height : 17.9" (454,7mm)

Width : 20.4" (518,2mm)

Display: 13.00" x 15.60" (330 x395mm)

Weight: :10.15 lb (4,6kg) displayer

1.43 lb (0,65 kg) battery power supply

Electrical Features:

- 7-segment speed display, 8-8 amber.
- Display intensity adjusted based on ambient light.
- Radar range up to 1km.
- Power supplied at 12VDC from one Milwaukee 18V battery. Minimum 3 hours autonomy at full charge.
- ATM 5A fuse.
- Manual speed limit adjustment on-site, stealth sensor.

Mechanical Features:

- Durable and waterproof PVC foam body panel.
- 1/16-inch (0.16 mm) polycarbonate window.
- Operating temperature: -40°C to 65°C.

Pièces de rechange

Milwaukee 18V Battery:
Battery Charger :

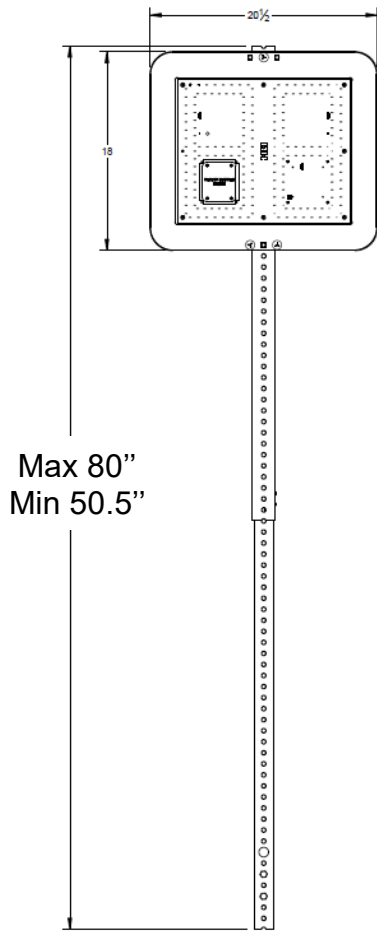

PS2051
PS4039
